Interessengemeinschaft 225

...buses belong here as well...

The aim of the group 225 is the renovation of the former articulated bus 225 type MAN SG 192 of the Bremen Tramway Company in order to use it as an operational museum vehicle in the future.

The group 225 is searching for colleagues. Both those who would like to lend a hand when working on the bus and those who want to support the project financially are welcome.

Are you interested?

Club Linie 11 - Das Gröpli-Tram

...the tram in scale 1:87...

In 2002 a model tramway which was once shown in a shop window became a playable exhibit by inserting a depot module. Since then the model tramway has developed continually and has already reached a length of approx. 17m.

Contact

...this is how you can reach us...

Opening hours:

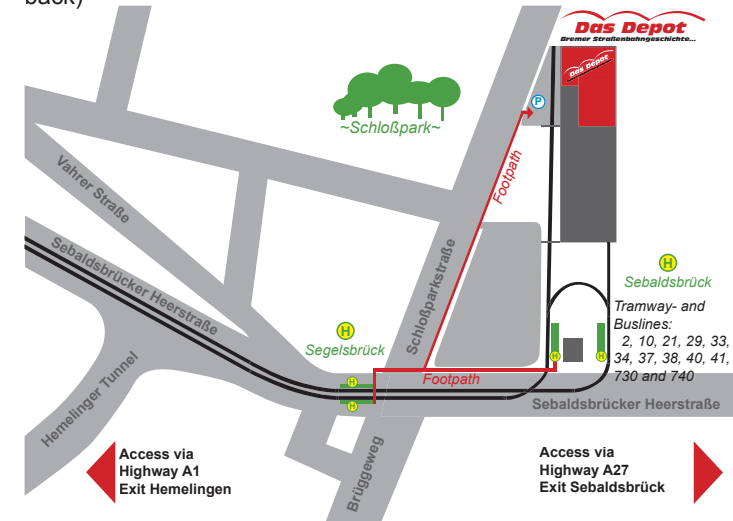

Each second Sunday of a month from 10:00am to 05:00pm. Last entrance is at 04:30pm. Additional appointments for groups are possible if applied for. Please remember that the Bremen tramway museum „Das Depot“ is organized voluntarily in our leisure time. Hence we would appreciate an early booking.

Address:

Freunde der Bremer Straßenbahn e.V.
Schloßparkstraße 45
28309 Bremen
Germany
